City debuts new informational Web page; CityFactCheck.com

The City of Bend has launched a new Web page that makes it easier to find important information on the City's Web site. CityFactCheck.com is designed to help avoid confusion on city issues and help you simply get to the facts.

The goal is to increase public knowledge and understanding of important issues facing City government. It's a great place to find out if what your neighbor told you about the City is true, to clarify something you read in the paper, or to do your own research. Topics on CityFactCheck.com include Juniper Ridge, City Budget and Finances, Fire Department Annexation, Urban Growth Boundary and more. The page will also be updated with additional topics to help you get the facts on other important city issues. For more information, visit www.cityfactcheck.com.
