Let us know if you've received outstanding service from the City

CitySTAR is a recognition program, created by City of Bend employees, to acknowledge outstanding customer service provided by city employees and volunteers. CitySTAR affirms that those employees and volunteers, who provide customer service above and beyond minimum standards, are recognized and appreciated.

All regular city employees and volunteers are entitled to receive nomination, and will be chosen by members of the city's Customer Service Team. Nominations must include an explanation detailing the accomplishments of the individual, or group, and can be made by citizens, co-workers and supervisors.

More information and nomination forms are available at:
